## WHO ARE WE?

- International Skills Pvt Ltd was instituted by a team of experienced professionals with vast experience in field of Engineering, Recruiting, Skills development and Manpower planning.
- The management largely comprises of technocrats having forty years of experience at various levels.
- These professionals realised that the major impediment in industrial growth of India is non availability of requisite skilled labour.
- To reduce this skills gap they established a vocational training institute named "**International Skills**".

## Our Mission

- To create world class infrastructure, training modules and finest practices suitable to Indian requirements in the field of Security, Agriculture, Retail and Apparels sectors.
- To provide technology based training through skilled innovative trainers.
- To build a pool of skilled certified and employable tradesmen and professionals to meet rising global demands across the world.
- To provide skill audits and consultancy services to corporate world to raise standards in skill and security management
- To provide employable skills to school leavers, existing workers, ITI qualified tradesmen and ability to adapt to changing technology and labour market demands

## Our Vision

To nurture conducive environment and secure employment for workforce by imparting top class skills to make India a pinnacle of prosperity.
